

Public Health Policy Questions – Prince Albert municipal candidates

Health organizations world-wide agree there is no safe level of second hand smoke. Research shows that even in an outdoor setting, second-hand smoke can pose a health risk.

- 1. In 2005 the City of Saskatoon adopted a bylaw to ban smoking on all outdoor patios of restaurants and bars. Would you support such a bylaw in Prince Albert? (circle one) YES NO**

Comments on policy recommendation: (150 words or less)

- 2. Would you support a bylaw banning smoking in other outdoor public places including the following?**

| | YES | NO |
|--|-----------------------|-----------------------|
| Children’s playgrounds | <input type="radio"/> | <input type="radio"/> |
| Sports fields (e.g. soccer pitches, baseball diamonds, etc) | <input type="radio"/> | <input type="radio"/> |
| Fixed seating or bleachers (e.g. stadiums) | <input type="radio"/> | <input type="radio"/> |
| On municipal property used for public gatherings (e.g. festivals, concerts, exhibition grounds) | <input type="radio"/> | <input type="radio"/> |

Cosmetic pesticides are used to control unwanted weeds and plants to improve the appearance of lawns and gardens. Because they are not related to health, safety, or the production of food, they are non-essential and therefore cosmetic. Research suggests pesticides are linked to an increased risk of cancer in both adults and children.

3. Do you support a city bylaw that would ban the use of pesticides for cosmetic purposes on all city and private property? YES NO
